FULL STACK WEB DEVELOPMENT PROJECTS

CARPOOLHUB

Bootcamp Final Project (Solo) | Jun 2024

- Developed a MERN stack application facilitating carpooling services.
- Implemented user authentication with JWT and designed user interfaces using Chakra UI.
- Integrated Google Maps for route visualisation and LocationIQ for address autocomplete.
- Configured Stripe (test keys) for handling donations.

GOAL-GETTER

Bootcamp Second Project (Group) | Apr 2024

- Followed MVC architecture to ensure a well-organised codebase and separation of concerns.
- Collaborated with a team to implement core features, including user authentication, and developed a responsive UI using Tailwind CSS.
- Leveraged MySQL and Sequelize for efficient database management and data modelling.

AS-THE-CROW-DRIVES

Bootcamp First Project (Group) | Feb 2024

- Developed using HTML, CSS, Bulma CSS, and JavaScript with jQuery.
- Implemented Geoapify for address autocomplete and GraphHopper for route optimisation.
- Utilised Leaflet to plot maps and visualise routes effectively.

WORK EXPERIENCE (AUSTRALIA)

Vehicle Service Attendant

Hertz Australia | Aug 2022 – Nov 2023

- Ensured vehicles were cleaned and maintained according to standards.
- Handled customer requests efficiently, providing exceptional service.
- Adhered to workplace health and safety guidelines.

Café Owner/Operator

Ardrossan Seafood & Schnitzels, SA | Mar 2019 – Jul 2022

- Managed staff and oversaw business operations, ensuring smooth daily functioning.
- Designed and maintained digital and physical marketing materials for the café.
- Ensured optimal functioning of POS systems and other equipment.

Volunteer

Port Clinton Sports and Community Club, SA | Oct 2018 – Jan 2019

- Redesigned and maintained the club's website, enhancing its online presence.
- Assisted as wait staff and kitchen hand, providing support during events.

----- MIGRATED TO AUSTRALIA IN OCT 2018 -----
